Re: Final 2015 Payment to the City and 2015 Budget to Actual Expenditures

I have completed my analysis for our expenditure activity for fiscal year 2015. Our expenditures for 2015 total \$19,802,109.93 of which \$638,771.35 relates to non-trust activities. The remaining \$19,163,338.58 represents amounts that are funded by the Trust for 2015 expenses.

We have previously advanced the City \$18,798,000.00 toward these costs in 2015 leaving a balance owed of \$365,338.58.

The final amount payable to the City is primarily comprised of costs incurred since the middle of December, the last time the Trust reimbursed the City for expenses and for amounts accrued to close out the fiscal year.

This analysis was provided to the City with a cover letter requesting the City to prepare an invoice for this amount to be approved by the Board for final payment in settlement of 2015 expenses.

Below you will find the 2015 Budget to Actual Summary.
